Business English 25 has general English for 3 hours in the morning to raise students' overall level, with a further 2 hours of business English group classes in the afternoon. The afternoon business class focuses on how English is used to negotiate, give presentations, respond appropriately to telephone calls, write formal emails, business vocabulary and much more, all in a business context.

Intensive Business English 25 combines the afternoon business English group class with a further 3 hours of 1:1 class each day, focusing on any topic of the student's choosing. Some possible topics are presentations, email writing, formal language, interview preparation, pronunciation, business meetings, or negotiations. **Business English 20** is similar, but with 2 hours of 1:1 each day instead of 3.

Learners are exposed to a diverse classroom with students from around the world, and **you can start any Monday**.
