STUDENT WELFARE POLICY

People and staff

Equality and Diversity
Students from every country are welcome at IH Bangkok. We ensure staff and students are treated equally, regardless of nationality and background. We do not tolerate any form of disrespect, harassment, or bullying.

Academic support
Students are encouraged to join the teacher support hour with our teachers or the Director of Studies to talk about their learning progress and ask questions about their course.

Student local life support
Our student service staff are happy to guide students on living options and experiences in Bangkok and Thailand. That includes public transportation, food and restaurant recommendations, local pharmacies and medical centres, and useful expressions in Thai.

Exclusion Policy
IH Bangkok is an open international environment. Any actions against our safeguarding and equal opportunities policies, whether committed by students or staff, will result in a verbal or written warning, and potentially being asked to leave the school.

Feedback and Complaints

Every two weeks, students will be asked for feedback on their course and teachers. This happens at the end of the Friday lessons. Students' feedback is anonymous and is very important to teachers, as well as being helpful for future lessons.

Students will be asked to do a self-evaluation every two weeks on Study Holiday courses. This helps students to think about their own progress in the class, and also gives the teacher information about how to support their learning for the rest of the course.

Equal Opportunities Policy

IH Bangkok Safeguarding Policy

Safeguarding

We are committed to safeguarding the welfare of all students, particularly those who are vulnerable or under 18.

All students, staff and visitors to the school are asked to be mindful when interacting with under-18s, and any concerns about their welfare should be reported to a Designated Safeguarding Person.

IH Bangkok's Safeguarding Team is identified to all students on arrival, and their contact information is displayed on posters around the main school and Young Learners' rooms.

At least one of the Safeguarding Team members meets all under-18s during their first day to outline responsibilities and rules in accordance with the IH Bangkok Safeguarding Policy 2026.

For the Thursday teachers' meeting, weekly reports are run indicating all under-18 students who will be in the school from the following Monday. This report is circulated to all members of the Safeguarding Team, the student service team at the reception desk and the teachers' room noticeboard.

IH Bangkok staff are trained in safeguarding awareness to support students' well-being in the following areas:

- **Mental and physical health**

We ensure students' health during their stay in school and accommodation. If any suspicious symptoms are noticed, students will be directed to the nearest pharmacist, or in extreme conditions, students will be accompanied to the nearest medical centre or hospital.

- **Personal safety**

IH Bangkok is an open community for international learners. To help maintain that, we ensure rules are strictly followed by everyone to prevent any form of harassment and discrimination.

- **Living and financial pressures**

We understand the financial difficulties of long-term learners. In the case of an emergency, students are permitted to postpone, pause, cancel, or reschedule their lessons.

- **Relationships and social risks**

IH Bangkok is a safe, respectful and supportive space. We understand that spending time in an unfamiliar society can be threatening. Our safeguarding team is happy to listen and talk to students who feel the need for support on inclusivity and building new relationships. Thailand is well known for hospitality and generosity.
IH Bangkok staff are the key people helping to narrow the gap between unfamiliarity and inclusivity, between language and experience.

TESTIMONIALS

International House Bangkok

It's been quite challenging for me but also an interesting journey, not only academically but socially as well. We have to find ways to connect and understand each other, sometimes up to 14 different nationalities in the same classroom.

Fabián - Colombia

I studied English there for one week. It was really fun because I got to talk with my friends in English, and the teacher was very good and explained everything clearly.

Linda - Laos

I was there for a week and was completely thrilled: The lessons were very structured, all the teachers are native English speakers, super friendly, and take plenty of time to explain things. The organisation was also great; everything ran smoothly, and the entire team was helpful and welcoming.

Stefan (Returned student) - Germany

IH Bangkok is for everyone who wants to improve English. It's not only about language, but also about experiences.

Just do it (join IH Bangkok), it might be the best decision of your life!

Joanna - Poland

The school is really good, and the teachers are so friendly. We are not just teachers and students, we have really good relationships.

Lucy - Belgium

Mayu
Japan

The most memorable experience was meeting people from all around the world. It was very fun to be able to communicate beyond the language and cultural differences.

If you want to improve your English skills and open up new opportunities, it's a good way to go to a language school, you will definitely broaden your horizons.

I had a wonderful three months. The staff and teachers are professional and friendly. I highly recommend this school. I improved a lot.

Ines - France

My daughter had a wonderful time at International House Bangkok! The teachers are kind, professional, and very supportive. She enjoyed every class and became more confident in English.

Thank you for a great learning experience. Highly recommended!
