# STUDENT SERVICES

## Visas

- For those studying from 1 to 4 weeks, we recommend getting a visa on arrival (Visa exemption) available to most countries' citizens.
- For course up to 90 days, we recommend a 60 day tourist visa (with 30 day extension) as it is quick and easy to obtain from your nearest Thai embassy.
- For those studying longer, we can organise an Education visa (ED) for you, which can be used for 3 to 12 months. Please note that the Education Visa can take up to 6 weeks to obtain.

## Airport Transfers

As one of South East Asia's Major cities, flying to Bangkok from anywhere in the world is easy and affordable. The main airport, Suvarnabhumi, has a fast and efficient rail link which takes you to the centre of Bangkok. You can also take a cheap taxi from the airport to downtown Bangkok. Alternatively, we can organise an airport transfer for you.

## Accommodation

### Serviced Apartments

By far the most popular choice, these are usually studio apartments with your own bathroom, wifi, international and local TV channels, and some even have kitchens. Serviced means that your room is regularly cleaned for you and the linen is changed. Most can also provide breakfast for you, although, in Bangkok, you are never far from a wide range of delicious local food.

### Hotels

For those wanting a bit more comfort, there is a vast choice of international standard hotels within easy reach of the school.

Our student service staff are happy to guide students on living options and experiences in Bangkok and Thailand. That includes public transportation, food and restaurant recommendations, local pharmacies and medical centers, and useful expressions in Thai.

### Exclusion Policy

IH Bangkok is an open international environment. Any actions against our safeguarding and equal opportunities policies, whether committed by students or staff, will result in a verbal or written warning, and potentially being asked to leave the school.

## Feedback and Complaints

Every two weeks, students will be asked for feedback on their course and teachers. This happens at the end of the Friday lessons. Students' feedback is anonymous, and they are very important to the teachers and helpful for future lessons.

Students will be asked to do a self-evaluation every two weeks on Study Holiday courses. This helps students to think about their own progress in the class, and also gives the teacher information about how to support their learning for the rest of the course.

# STUDENT WELFARE POLICY

## Safeguarding

We are committed to safeguarding the welfare of all students, particularly those who are vulnerable or under 18. All students, staff and visitors to the school are asked to be mindful when interacting with under-18s, and any concerns about their welfare should be reported to a Designated Safeguarding Person.

IH Bangkok's Safeguarding Team is identified to all students on arrival, and their contact information is displayed on posters around the main school and Young Learners' rooms.

At least one of the Safeguarding Team members meets all under-18s during their first day to outline responsibilities and rules in accordance with the IH Bangkok Safeguarding Policy 2026.

For the Thursday teachers meeting, weekly reports are run indicating all under-18 students who will be in the school from the following Monday. This report is circulated to all the Safeguarding Team, the student service team at the reception desk and the teachers' room noticeboard.

IH Bangkok staff are trained in safeguarding awareness to support students' well-being in the following areas:

- **Mental and physical health**

We ensure students' health during their stay in school and accommodation. Upon notice of any suspicious symptoms, students will be directed to the nearest pharmacist, or in extreme conditions, students will be accompanied to the nearest medical centre or hospital.

- **Living and financial pressure**

We understand the financial difficulties of long-term learners. In the case of an emergency, students are permitted to postpone, pause, cancel, or reschedule their lessons.

- **Personal safety**

IH Bangkok is an open community for international learners. To help maintain that, we ensure rules are strictly followed by everyone to prevent any form of harassment and discrimination.

- **Relationships and social risks**

IH Bangkok is a safe, respectful and supportive space. We understand that spending time in an unfamiliar society can be threatening. Our safeguarding team is happy to listen and talk to students who feel the need for support on inclusivity and building new relationships.

Thailand is well known for hospitality and generosity. IH Bangkok staff are the key people helping to narrow the gap between unfamiliarity and inclusivity, between language and experience.

# TESTIMONIALS

“

It's been quite challenging for me but also an interesting journey, not only academically but socially as well. We have to find ways to connect and understand each other, sometimes up to 14 different nationalities in the same classroom.

“

I was there for a week and was completely thrilled: The lessons were very structured, all the teachers are native English speakers, super friendly, and take plenty of time to explain things. The organization was also great; everything ran smoothly, and the entire team was helpful and welcoming.

The most memorable experience was meeting people from all around the world. It was very fun to be able to communicate beyond the language and cultural differences.

If you want to improve your English skills and open up your opportunity, it's a good way to go to a language school, you will definitely broaden your horizon.

Being here in IH Bangkok is the best decision I have ever made. The tutors and staff are so supportive and friendly. I have enjoyed every day here.
